

# 2020 National Convention & Truck Show Call for Presentations

One of the many benefits of being an ATHS member is meeting and learning from others who share your passion for old trucks. Many of you have an area of specialty and other members would love to learn about in order to finish the project they are working on or start a new one they have found. At the 2020 ATHS National Convention & Truck Show we will have more presentations and speakers than we have ever had before but we need your help to make it happen!

Have you done an especially challenging restoration lately? Run into a mechanical issue and want to share your fix? Do you have a trick to make sure the finish on your truck is just right? We want to learn from you! Just complete the attached form and return to ATHS for consideration.
